

The background features a dark blue gradient with a complex pattern of curved, overlapping lines that create a sense of depth and movement. A grid of fine lines is visible, particularly on the right side, which appears to be part of a larger structure or tunnel-like shape. The overall aesthetic is modern and technical.

Architecting Enterprise Legacy System Migrations

Adrian Menard

Master of Science in Computer Science and Systems

TAC Talk 2016

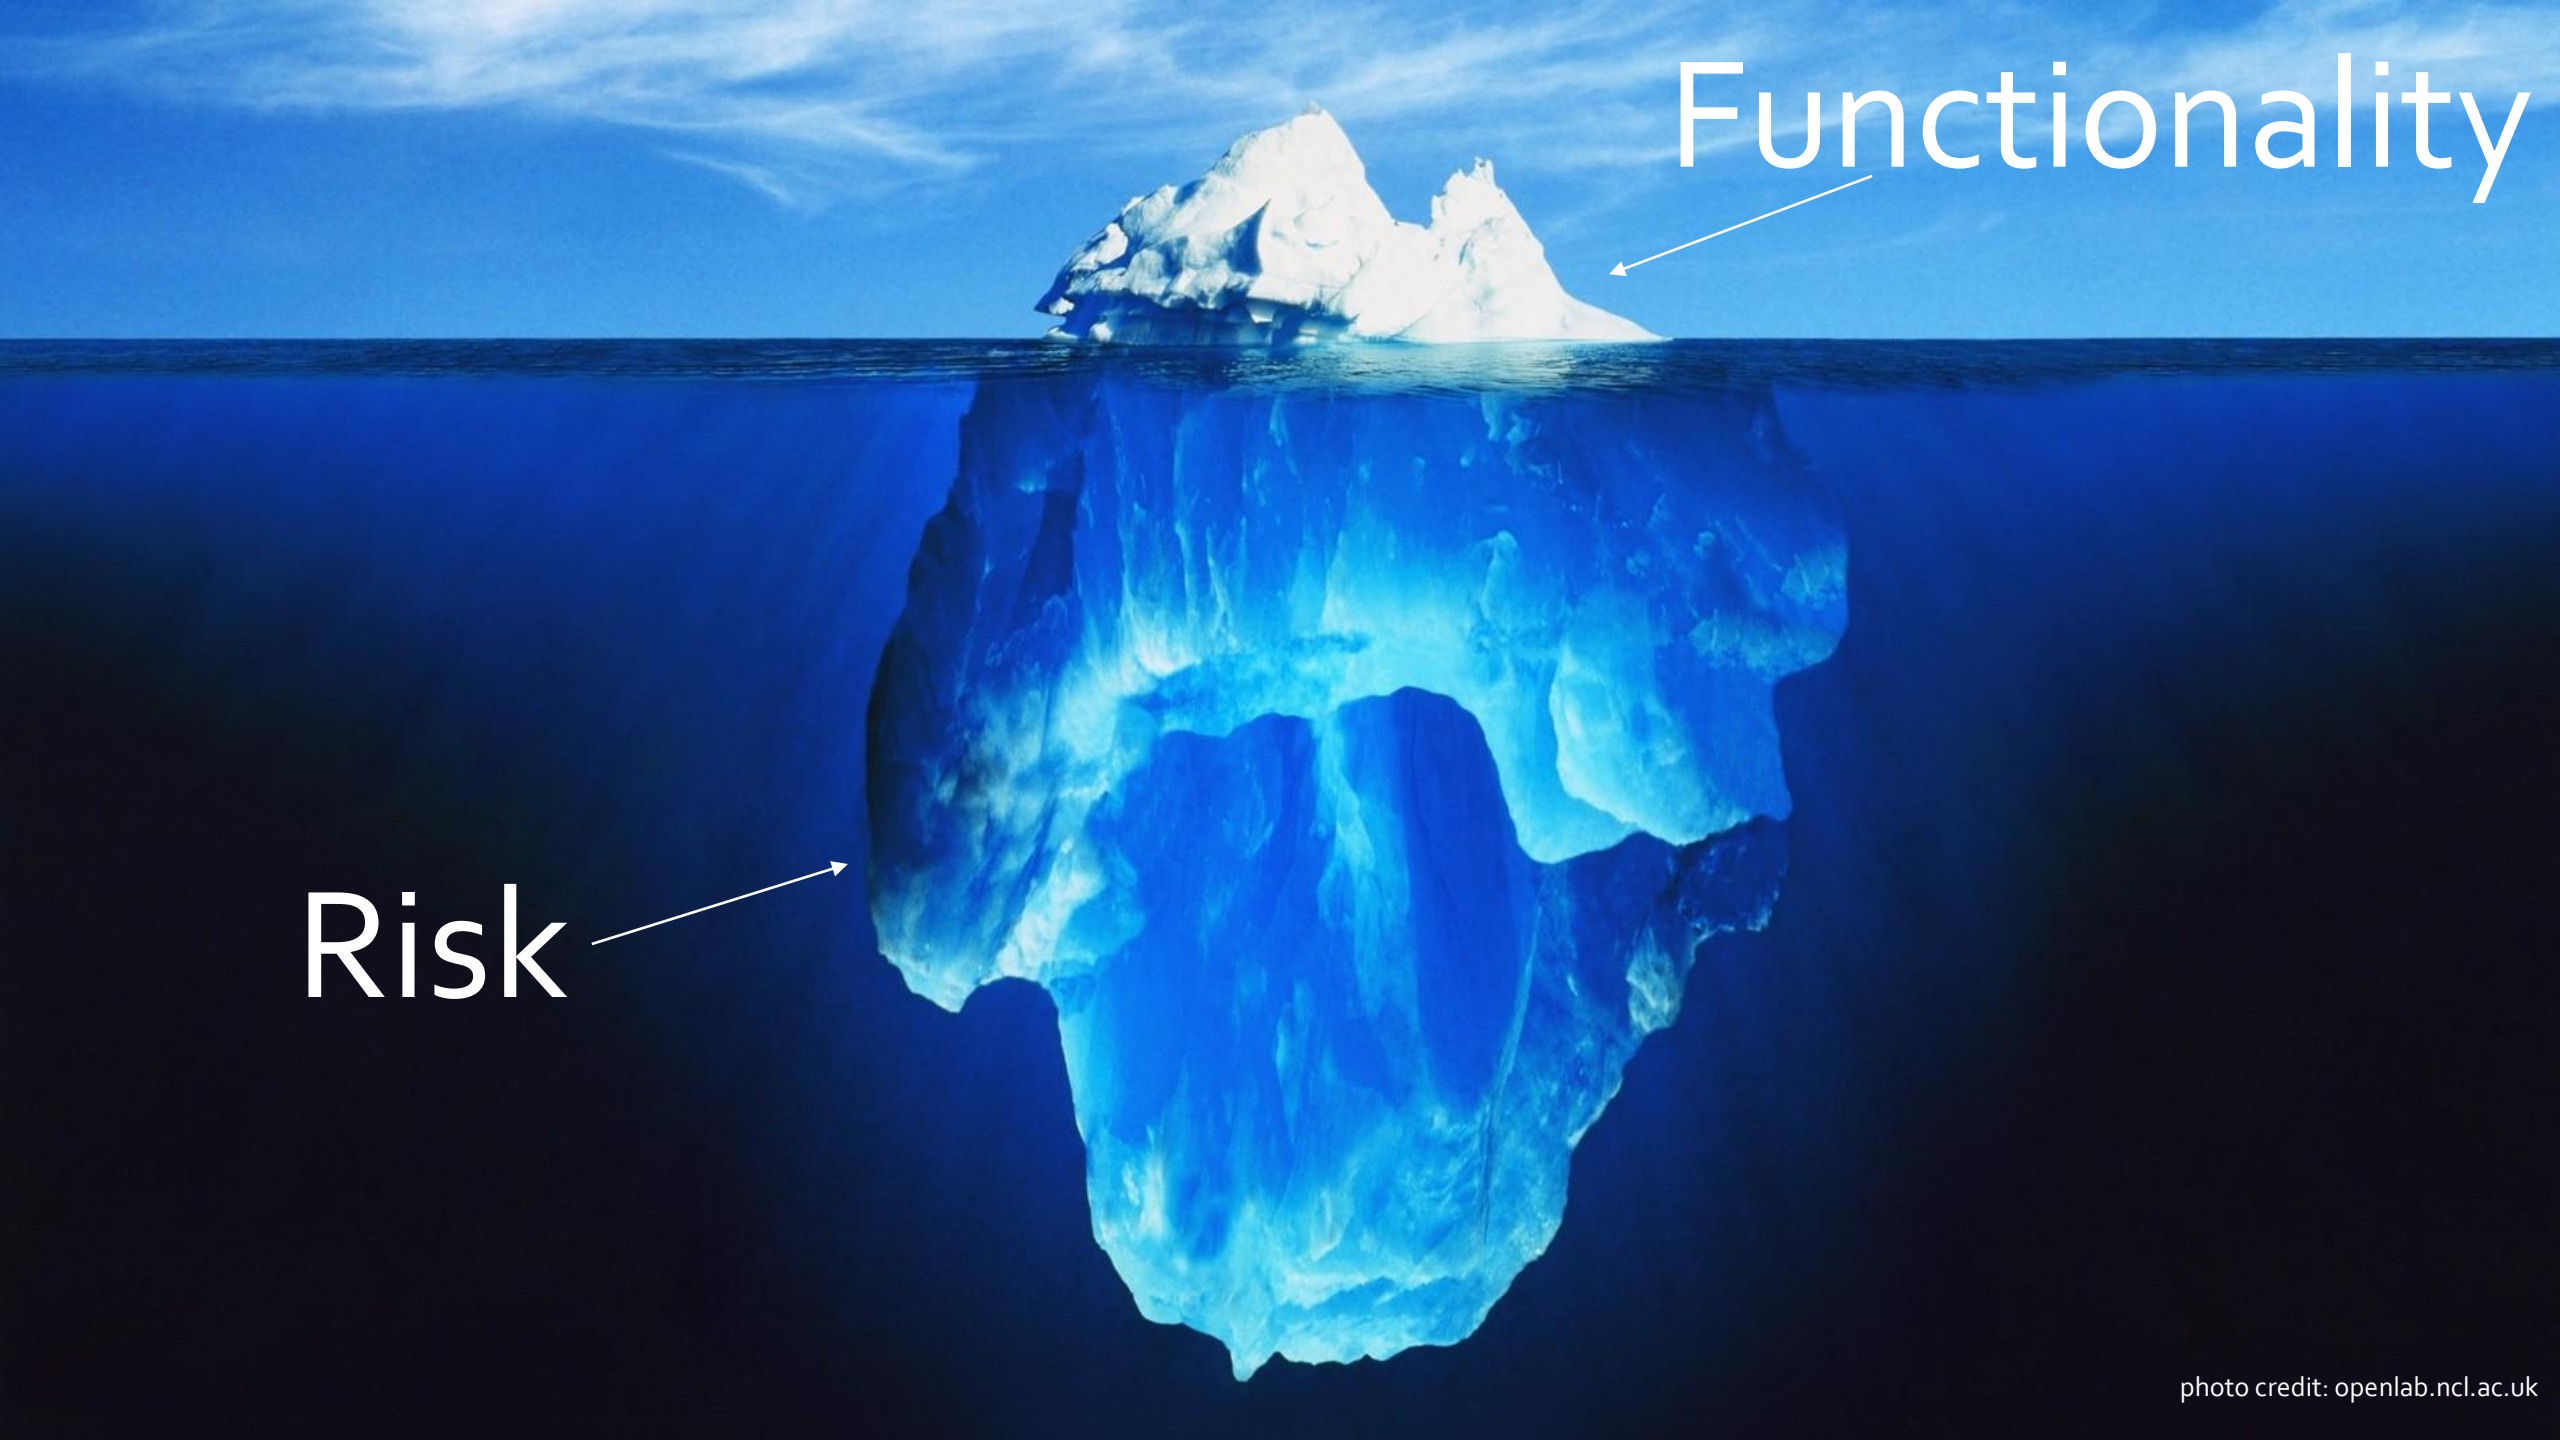

What is a Legacy System?

- \$9 million for premier support for Windows XP until summer or 2016
- \$31 million to Microsoft to extend until 2017
- \$161 billion - US Navy budget for fiscal year 2016

Functionality

Risk

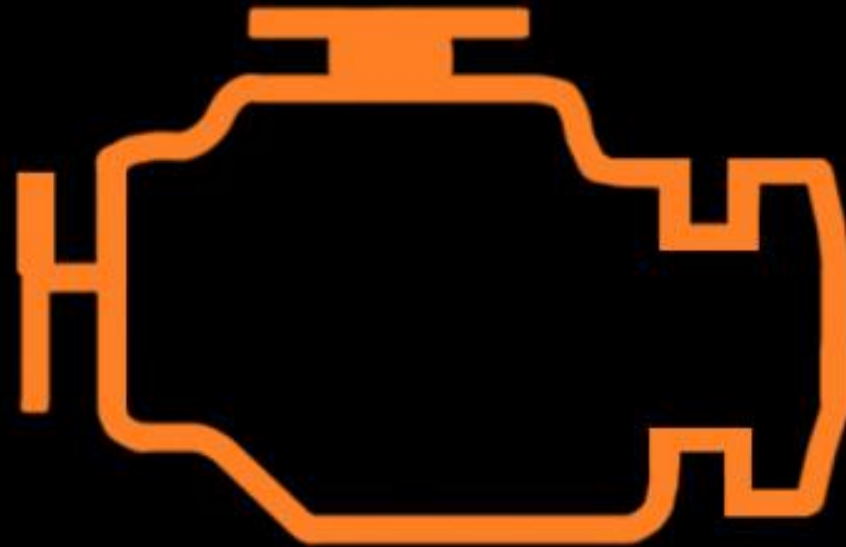

Encapsulation of Business Logic Interchangeable Parts

Life of the Solution

photo credit: vandemon.co.uk

How many miles are on this system?

Action Items

- Encapsulate business logic and bolt on technologies.
- 'Life of the solution' in architecture discussions.
- Make time for maintenance.

Thank You!
