

*Back to the Essence*

Surprising isn't it?  
Pasteurized dreams.  
Processed passions.  
Drowned daydreams.  
Has it come to this?

Where are the theories?  
Digital diagnosis.  
Compact disc memories.  
Internet affairs.  
DSL, AOL.

Where are the hungry?  
Desire for answers.  
Questing for understanding.  
Microwave entrees.  
Thirst for knowledge.  
True human yearning.

Calculating the stars.  
Without machines.  
Minds open.  
Hearts in harmony.
