

MAGNETIZED SHAKESPEARE: THE WEEKDAY EVOLUTION OF WHITEBOARD VERSE

MARGARET LUNDBERG

#1-Monday

#2- Tuesday

Embrace the soft surround of dreams
lest brilliant blaze of night
so dazzle that
by mischance you may
see too much.

#3- Wednesday

Perchance in soft surround of dream
there warms a brilliant blaze.
Yet... one dazzled night
the universe vouchsafed
a mischanced breath
by morning ne'er remembered.

#4- Thursday

Bedazzled by surrounding night,
Embraced in brilliant blaze,
the universe—perchance—will breathe
and trust in magic dreams.
And yet—alas—
by morning ne'er remember.

#5- Friday

By mischance, drunk
on discontented dreams, warmed
in vouchsafed blaze a merry moon.
The night did dance with magic, yet
—alas—
come morning could remember not.
